Registering with Banbury Road Medical Centre GP Services

Welcome to Oxford!

We look after three of the university's colleges: Lady Margaret Hall, St Hilda's and Wolfson.
Your college Doctors are Dr Tony Maddison and Dr Tom Hutchinson

We strongly advise you to register with ourselves using the link below and submit before you arrive in Oxford: <https://gp-registration.nhs.uk/K84021>

All requests for appointments are now triaged by our practice team to ensure access to GPs is available for those that need it. You may be signposted to a more appropriate healthcare professional or community service.

The easiest way to submit your request for an appointment is via our website
<https://accurx.nhs.uk/patient-initiated/K84021>

This link should also be used for requesting medical certificates, letters etc.

You will need a UK mobile number to receive calls and messages from the GP practice.

You will need to be registered with your college general practitioner if you require a medical certificate at any time. Please note that these can take up to 5 working days for completion.

Below is some useful information from the university's website

[Doctors and nurses | University of Oxford](#)

[Health services | University of Oxford](#)

[Medical evidence and certificates | Academic Support \(ox.ac.uk\)](#)

[Student support and experience | Academic Support \(ox.ac.uk\)](#)

[Oxford University Students - Banbury Road Medical Centre \(banburyroadmc.nhs.uk\)](#)

We hope you have an enjoyable time in Oxford!
